

Our top priority is the health and wellbeing of all employees and customers who are visiting the pub. To minimize the spread of COVID-19 and ensure the pub stays a safe place to visit, these are just some of the extra measures we have put in place.

- All front of house staff will be wearing face coverings.
- Customers will be asked to sanitise their hands with the sanitiser at the front door on arrival.
- If any customers are displaying symptoms or failing to keep to social distancing rules, the staff have the rights to ask them to leave the premises straight away.
- Tables inside and outside are spread out at least 1 metre apart.
- All waiting staff will be washing and sanitising their hands in between contact with different tables.
- Posters and floor markings will be placed throughout the pub to guide customers.
- Enhanced cleaning and sanitising regimes including regular cleaning of hot points.
- Staff will make minimal contact with you whilst providing attentive service.

When booking a table

- Under the latest guidelines we will be taking table bookings of 6 people or 2 household in our garden. Inside and the Purefoy pod will remain closed.
- Everyone in your party must not be displaying any COVID-19 symptoms or have displayed any COVID-19 symptoms in the last 7 days. If this changes in between the time of booking and attending please let us know by calling 01256 389514.
- Bookings are accepted for food or drink as drinkers are now welcome under the new guidelines.
- Please be aware of our temporary opening times during this period in which we can serve outside only. These are available to see at the bottom of our homepage.

As a business we will continue to adhere to government and industry guidelines.

On arrival you will be asked to scan our test and trace QR code. Should you not have the App you will be asked to provide your contact details manually. This must be for every customer and not just the lead person as per previous guidelines.

Face coverings are a legal requirement when entering, leaving and walking around the pub, so please make sure you are wearing a face mask upon entering.

We will continue to review our COVID-19 policy and update accordingly as months progress.

Thank you for all your support over the last year. We hope this will continue and we can provide you with a safe and enjoyable environment to enjoy food and drink with friends and family.
